- Announce plans and rationale for upcoming rule making to extend content of emergency rule through April 2006.

On July 21, 2005, under separate cover, stakeholders will receive a copy of the proposed rule change.

Purpose: The Washington State Health Care Authority (HCA) is undertaking a good faith review of eligibility in conformance with the Section 47 of the *Mader v. HCA* settlement agreement.

Guiding Principles: The Health Care Authority adopts the following guiding principles as it moves forward with the good faith review:

- Clear delineation of eligibility categories by type of employment situation.
- Balanced consideration of appropriate benefit eligibility within each eligibility category, understanding that consistency may not always be appropriate.
- HCA rules must reflect the statutory and fiscal policies of the Washington State Legislature.
- All impacted parties will be considered stakeholders in the review process.
 Special consideration will be given to the factors employers (e.g., agencies, community colleges, etc.) believe are essential to attract and retain a skilled work force necessary to carry out their mission within available funding.

Stakeholders Identified: All.

Stakeholder Involvement: Stakeholders may provide feedback on the process, purpose, and guiding principles. The HCA will begin scheduling meetings with key stakeholders to assist us in completing this work.

Report 2 - Issued to Stakeholders: August 22, 2005

Report Objectives:

- Provide analysis of PEBB eligibility rules, structure and any research on Board intent from historical documents.
- Analysis of information provided to the HCA by agencies and higher education in 2004.
- Provide approximate number of part-time community and technical college faculty identified in the good faith review portion of the settlement agreement and quantify number and work location of others in state service with similar work patterns.
- Describe how these groups are the same or different from those defined in the settlement agreement.

Stakeholders Identified: Department of Personnel, State Board of Community and Technical Colleges, Center for Information Services, and agency and university benefit/payroll officers.

Stakeholder Involvement: The Health Care Authority will work with State Board of Community and Technical Colleges to quantify the current group of employees defined in the settlement agreement. It will also begin surveying agencies about part-time employees that may be in a work situation similar to those defined by the settlement agreement and seek to confirm and/or supplement the information previously provided by universities and other key stakeholders in 2004. Stakeholders will also have opportunity to give feedback on analysis provided with the report.

Report 3 - Issued to Stakeholders: September 15, 2005

Report Objectives:

- Finalize any outstanding issues from Report 2.

Stakeholders Identified: Department of Personnel, State Board of Community and Technical Colleges, Center for Information Services, and agency and university benefit/payroll officers.

Stakeholder Involvement: The Health Care Authority will collect additional information from employer stakeholders through meetings and a survey tool similar to a fiscal note on the operational feasibility of averaging hours on a "look back" basis.

Report 4 - Issued to Stakeholders: October 20, 2005

Report Objectives:

- Define how other large employers treat similar groups of employees.
